TECHNICAL DATA SHEET

Product : **Neolasol™ Neoprene/Rubber**
Product Type : **RUBBER GLOVES**
Brand Name : **LAKELAND**

Color	Blue & Yellow
Shell	Latex
Features	<ul style="list-style-type: none">- Double-dip process allows a blend of neoprene over natural rubber, increasing the protection against a broader range of chemicals.- Greater versatility for chemical protection compared to single dipped gloves.- Longer gauntlet length of 33cm.- Economical choice - less costly than other gloves with a similar protection level.- Soft flock lining absorbs perspiration for greater comfort and dexterity.- Raised zig-zag finish for improved grip in wet and dry areas.
